

Work together

It may come as a surprise to know that many residents of the Old Hill area are supportive of the Y's proposed move to Mahackeno.

What is most disturbing is that some elected officials from this area are using their political clout to advance their personal agenda in opposing this move. To my knowledge, no survey of constituents has ever been made.

As an almost 40-year resident of Westport, I know what an important part the Y plays in the community. It is the only inter-generational facility in town that is available year round.

Since there is no alternative site for the Y, it is time to stop inflammatory rhetoric and frivolous lawsuits. Let us all work together to insure that the Y's move to Mahackeno occurs without further delay.
