

## Setting The Record Straight

In their March 14 letter, "A Solution for the Family Y and for Westport," certain RTM members stated "This facility [their Y solution] could work in harmony with the Senior Center, which has been so successful that it already is slated for expansion — with a request for a pool of its own, that would not be needed or funded by taxpayers."

Without entering the "Y Debate," I'd like to set the record straight. The Center has *not* requested funding for a facility expansion. We have *not* requested a swimming pool. Our Long-range Planning Committee is currently restudying Center facility utilization and forecasted demographics. This is part of our ongoing effort to make sure the Center keeps pace with Westport's needs. If the Center is "already slated for expansion," it's not known by us.

**STAN GRONER, CHAIRMAN  
POLICY AND PLANNING BOARD  
CENTER FOR SENIOR ACTIVITIES  
WESTPORT**
